Learning Target Achieved

Learning Target Not Yet Achieved

Topics	5 points	4 points	3 points	2 point	1 point	0 point
Learning Target	fully met all the expectations of the projects Learning Targets.	met most expectations of the projects Learning Targets.	met some expectations of the projects Learning Targets.	met few expectations of the projects Learning Targets.	Purpose of the projects learning targets has been totally missed .	No judgment can be made. The task has not been completed or turned in for evaluation
Craftsmanship	The product is complete & exceeds expectations . The products attention to detail makes it completely ready for display.	The product is complete & meets expectations . The product is in need of attention to 1-2 more details. Product can be displayed.	The product is mostly complete & meets most basic expectations . The product is in need of attention to 3-4 more details. Product unable to be displayed until corrected.	The product is incomplete & meets few expectations . Detail level shown on the product makes it unable to be displayed until corrected.	Expectations have not been met . There is no attention given to detail. Product unable to be displayed.	No judgment can be made. The task has not been completed or turned in for evaluation
Time	demonstrated a complete understanding of time management. The quality of the project	demonstrated a Good understanding of time management. The quality of the project	demonstratd an Average understanding of time management. The quality of the project	demonstrated a Minimal understand-ing of time manage-ment. The lack of quality in the project reflects this.	demonstrated a Poor understanding of time management. The lack of quality in	No judgment can be made. The task has not been completed or turned in for evaluation

Topics	5 points	4 points	3 points	2 point	1 point	0 point
Management	reflects this.	reflects this.	reflects this.		the project reflects this.	
Safety	Always demonstrated the proper care in use of: tool/machine/product safety procedures & took take lab safety procedures Very Seriously .	Most of the time demonstrated the proper care in use of: tool/machine/product safety procedures & took take lab safety procedures Seriously .	Sometimes demonstrated the proper care in use of: tool/machine/product safety procedures & found lab safety procedures Important .	Seldom demonstrated the proper care in use of: tool/machine/product procedures & find took lab safety procedures to be a Nuisance .	Never demonstrated the proper care in use of: tool/machine/product procedures & found lab safety procedures to be Unimportant .	No judgment can be made. The task has not been completed or turned in for evaluation. Student(s) spent No Time in the construction of project.
